

Heide — Sustainability Art Trail

Student Activity Sheet (Middle Years — Secondary)

1. As an artist, what would you need to consider when making and installing an artwork to be placed in the natural environment?

2. How would you score Heide in relation to the listed sustainability elements? (1- Low 10= High)

	Biodiversity	Water Usage	Energy Usage	Waste Management	Air Quality	
10 high						
9						
8						
7						
6						
5						
4						
3						
2						
1 low						
						Score /50

3. Compare and contrast the art works highlighted on this trail with Heide's sustainability features. How do they relate to each other?
